

# FIRST NATIONAL BANK HERE IS PHILANTHROPIC

**OFFERS RELIEF TO GUARDS.  
MEN WOULD ADVANCE  
MONEY TO REIMBURSE  
MEMBERS REJECTED FOR  
DISABILITIES**

The First National bank of Santa Fe, in a formal letter to Governor McDonald Monday offered its credit to the state so that the national guard may pay its obligations and relieve the distress that has come to some of the militiamen who dropped their work and went to the front at Columbus only to be rejected for one reason or another and sent home after considerable time, Uncle Sam refusing to allow them any pay for their time or expenses.

The state has no fund to pay these obligations which the United States government is supposed to discharge, and the burden fell upon those least able to bear it, the men who patriotically enlisted in the guard and obeyed to produce his teams. He does not the mobilization summons. Quite a hard pick them. He trains the whole number of the officers and men who mass of students and looks to the made recruiting tours are also held, training itself to single out the men the bag after paying automobile who can win football and track vice-hire and other expenses, in some stories. He has been singularly successful. Last year his teams won in football and basket ball and took second place in the interstate college meeting in Tucson. Every student who enters the University is required to take a physical examination, and a special course of training is mapped out and carried out faithfully, to correct those defects of the individual. The University slogan "A because of the calling out of the healthy mind in a healthy body" is national guard for the protection of lived up to every day in the college the border of the United States, including that of New Mexico. In view of these circumstances the board by unanimous consent, adopted a formal resolution tendering the credit of the First National bank to the limit set by law to the state of New Mexico for the payment of obligations assumed in response to such emergency demands.

The officers of the bank, in conformity with said resolution, will be pleased to respond at any time to any call that you, as chief executive of the state and commander of the national guard, may take upon its resources and credit to tide over the existing emergency until the legislative branch of the government can make proper provision to meet the existing demands."

Governor McDonald in reply thanked the bank for its patriotic and generous offer, intimating that the state might take advantage of it. He will confer with President Hughes in a few days to work out the details.

**COLE BROS' WORLD-Toured SHOWS**

The greatest and biggest shows to pay us a visit this year will be Cole Bros' World-Toured Show and Train Wild Animal Exhibition, with a whole army of notable artists brought direct from Europe, all absolutely new to American audiences. This season Cole Bros. have combined their shows into one big, giant three-fold show offering a grand hippo-drome, menagerie and gorgeous spectacular ballet. Coming in their own steel cars, with everything six and span, with the largest collection of trained wild animals ever brought together in captivity. These highly educated denizens of the jungle seem to possess almost human intelligence, and the Cole Bros. have increased their already large zoological congress by a number of elephants, lions, camels and grizzly bears. Hundreds of high class acts are presented in the arena, and the number of high school and posing horses, high jumping horses are legion. Indeed Cole Bros. are renowned for the superlative beauty of these equine wonders; no show traveling carries a finer assortment of thoroughbred horses and ponies. Novelties galore are shown under the big top and as an innovation the Cole Bros. will introduce an Amazon ballet of the worlds most graceful dancers. These exquisitely formed young ladies, fresh from their Parisian triumphs, appear as if moulded by the sculptor's art. They are grace personified, and in a whirlwind dancing novelty are alluring specimens of feminine beauty, Miss Irma Clare, a statuesque beauty who represents "Peace" in the "Marble Nymphs," has won the prize for the most perfectly formed woman in Continental Europe. The grand free street parade is a revelation in lavish splendor. This is the show that you are waiting for—the worth

while show. Don't forget that the date will be Tuesday August 8th

## NEW GYMNASIUM HAS FINE EQUIPMENT

Albuquerque, N. M., July 27: In addition to the fairly complete gymnasium and athletic equipment of the University plant, students at the New Mexico state University this year will have at their disposal the splendid new gymnasium, indoor track and swimming pool of the new Albuquerque Y. M. C. A. building, on payment of a nominal fee. With the largest freshman class that has ever entered the University ready to register on August 22nd, the opening day, Physical director Ralph E. Hutchinson is preparing to go in for a year of aggressive athletic effort in foot ball, baseball, basketball and on the track. Hutchinson is a physical instructor in all that the title means. He believes in systematic physical instruction and training, not only for the men who make the teams, but for every student, male and female and he sees to it that the rule is enforced throughout the entire enrollment of the University. Hutchinson and the burden fell upon those least able to bear it, the men who patriotically applied required physical training to produce his teams. He does not the mobilization summons. Quite a hard pick them. He trains the whole number of the officers and men who mass of students and looks to the made recruiting tours are also held, training itself to single out the men the bag after paying automobile who can win football and track vice-hire and other expenses, in some stories. He has been singularly successful. Last year his teams won in football and basket ball and took second place in the interstate college meeting in Tucson. Every student who enters the University is required to take a physical examination, and a special course of training is mapped out and carried out faithfully, to correct those defects of the individual. The University slogan "A because of the calling out of the healthy mind in a healthy body" is national guard for the protection of lived up to every day in the college the border of the United States, including that of New Mexico. In view of these circumstances the board by unanimous consent, adopted a formal resolution tendering the credit of the First National bank to the limit set by law to the state of New Mexico for the payment of obligations assumed in response to such emergency demands."

The officers of the bank, in conformity with said resolution, will be pleased to respond at any time to any call that you, as chief executive of the state and commander of the national guard, may take upon its resources and credit to tide over the existing emergency until the legislative branch of the government can make proper provision to meet the existing demands."

Governor McDonald in reply thanked the bank for its patriotic and generous offer, intimating that the state might take advantage of it. He will confer with President Hughes in a few days to work out the details.

Published reports have come to the notice of the board of directors of the First National bank of Santa Fe calling attention to the lack of financial provision to meet the emergency demand made upon the state because of the calling out of the healthy mind in a healthy body" is national guard for the protection of lived up to every day in the college the border of the United States, including that of New Mexico. In view of these circumstances the board by unanimous consent, adopted a formal resolution tendering the credit of the First National bank to the limit set by law to the state of New Mexico for the payment of obligations assumed in response to such emergency demands.

The officers of the bank, in conformity with said resolution, will be pleased to respond at any time to any call that you, as chief executive of the state and commander of the national guard, may take upon its resources and credit to tide over the existing emergency until the legislative branch of the government can make proper provision to meet the existing demands."
